GAME PLAN SCRIPT:
WEBSITE AUDIT

The call:

Hi [first name]? It's [your name] with [company name].

As requested, we have your **free Google Game Plan** finished for [business].

Or: As requested, we have your **free website audit** finished for [business].

We have two spots left for tomorrow to take care of any questions about the report.

12pm or 4pm. Which works better for you?

If they ask what it is:

IF THEY ASK WHAT IS THIS ABOUT: It's your **free Google Game Plan**. It shows where you rank on Google and why.

Or: It's your **free website audit**. It shows where you rank on Google and why.

And we also threw in a **competitor analysis**, so you know what to tweak with no guessing.

Both are yours to keep!

12pm or 4pm?

Once they give you a time:

Got it. You'll receive your email confirmation in the next few minutes.

We recommend having a computer or tablet handy, so we can share our screen and walk you through the Game Plan in real time.

Please make sure to keep your appointment, because we have limited availability.

Book it in the Hub first, so the confirmation email goes out.
